Mayor Jackson Praises Supreme Court Decision

CLEVELAND – “Today, the United States Supreme Court made a key decision regarding marriage equality. This decision will help move our country forward in the right direction – guaranteeing that everyone has the right to marry whom they choose and receive the same benefits of legal marriage as do their neighbors, relatives and friends. This is the right decision for our country and for Cleveland. I have long been a supporter of marriage equality and I am happy for all those whose lives are impacted.”

- Mayor Frank G. Jackson
